

FAB-O

ALL PURPOSE CLEANER DEGREASER

DESCRIPTION

FAB-O is an all purpose, water based cleaner and degreaser containing no phosphates. FAB-O is a completely safe, environmentally friendly, multi-purpose product that is safe on all surfaces not harmed by water. FAB-O's neutral formula will not harm metals or damage wood, yet is strong enough to clean heavy dirt, grease and grime, leaving a pleasant lavender fragrance. FAB-O is V.O.C. compliant in all 50 states, is non-flammable, nontoxic and biodegradable. FAB-O contains special wetting agents that provide deep, penetration and cleaning power. FAB-O works equally well in a wide variety of applications, from oils to grease to even printing inks. FAB-O is the next generation's way of cleaning.

BENEFITS

Pleasant to use, cleans and deodorizes in one step. 2) Provides superior cleaning and degreasing performance over multiple applications. 3) Contains no phosphates, no chlorinated solvents or petroleum distillates. 4) Highly concentrated with recommended dilution rates up to 64:1. 5) Easy to rinse and completely soluble in water, regardless of the degree of hardness. 6) Safely removes oils, greases, grime, road film, soap scum, lipstick, crayon, inks, dirt and much more, from all surfaces not harmed by water.

HOW TO USE

The following is only a partial list of all the possible cleaning applications available: Walls, floors, doors, lobbies, ovens, trucks, tractors, equipment, boilers, generators, lockers, presses, motors, tools, appliances, sinks, counters, fans, concrete, brick, ceramic, vinyl, enamel, steel, chrome, plastic, rubber, printing presses, rollers and blankets (water safe) and more.

SPECIFICATIONS

APPEARANCE.....Purple Liquid
 ODOR.....Lavender
 BOILING POINT.....Near 212°F
 pH (concentrate).....7.0 ± 0.5
 FLASH POINT.....None to boiling
 V.O.C.....<3%
 STABILITY.....One year minimum
 WATER SOLUBILITY.....Complete
 BIODEGRADABILITY.....Complete
